Dr. Bishop,

The Clemente Course graduations are a highlight of the year for Trident Tech and for me personally. Last night's graduation was exceptionally meaningful, thanks in large measure to you. Your remarks were spirited and heartfelt. Clearly, you explained to the graduates and to the audience how you identified with them. You had analyzed the audience, and your words resonated with them.

Thank you for your message last evening to the Clemente program graduates. Especially coming just ahead of the holidays, your inspiring words and your effective delivery they will remember for a long time. Thank you.

Sincerely yours,

Mary Thornley, Ed.D.
President
