Greetings Dr. Bishop:

The Women Veterans of America National Convention will be held September 14-16, 2018 at the North Charleston Marriott, South Carolina. Our convention theme this year is "Transforming and Transitioning" Women Veterans.

We would like to invite you to be one of our guest speakers at this event. This is a wonderful opportunity for women Veterans to hear from a fellow sister Veteran, specializing in ways to assist as they transform while still serving as well as how to transition successfully once they separate from service.

Sincerely,

Yolonda M. Williams – U.S. Army Retired
National Commander, WVA
